**DEATH DRIVES
IN AUTO RACE****One Man Killed; Another Fatal-
ly Injured.****But the 500 Mile Contest at the In-
dianapolis Speedway is Still
in Progress.**

Indianapolis, Ind., May 30.—The great 500 mile automobile race is being run today at the motor speedway and 50,000 people are in attendance. There are forty cars in the race, which is regarded as one of the most important since the development of automobile speed.

The race was started at 10 o'clock this morning.

Shortly after the start, a tire on an Amplex car burst. S. P. Dickson, the mechanic, was killed, and Joseph Greiner, the driver received injuries which the physicians say will prove fatal.

The speedway management had perfected every possible precaution to avoid accidents, and the arrangements at the track are the best known to automobile racing, but with forty starters in the field the chances for serious mishaps are many.

In addition to mounted police and motorcycle patrolmen from the Indianapolis police department along the five mile route from the center of the city to the speedway grounds 100 special park employees are in charge of the big crowds at the park.

**Earlington to Play Crofton at That
Place.**

Earlington will journey to Crofton Sunday for a game of ball. Crofton will have the old reliable "Fay" on the mound from Hoptown. A hot game is expected. The lineup for Earlington is as follows:

SECOND ANNUAL REUNION**Of Confederate Veterans of Hopkins
County Will Be Held at
Loch Mary.**

Saturday at Loch Mary in Earlington the second annual reunion of the Confederate Veterans of Hopkins county will be held and if the weather is good the old soldiers are expecting to have grand and glorious times.

Senator Jas. B. McCreary will be the speaker of the day and he will deliver a heart to heart talk to the men with whom he fought. There will be other speakers but the entire speaking program has not been made out.

One of the features of the day will be the big picnic dinner which will be served by the Daughters.

At the first reunion which was held last year at Mortons Gap, there were about 75 of the wearers of the gray assembled and after they had a day of oratory, mutton and a talk over old times, they enjoyed it so much that it was decided to make it an annual affair.

Decorate Graves Sunday.

Sunday the Veterans will decorate the graves of their departed members at the Odd Fellow's cemetery. Meeting at the Y. M. C. A. building, following the arrival of the 2:15 Interurban, a parade will be formed which will include every automobile in the county. Company E. will pay a tribute to the memory of their departed members on the same day and a full uniform will be in the parade, which promises to be a gorgeous scene. The regular decoration day is June 3 but on account of the reunion being held on that day the decoration was postponed until Sunday.

Help the baby through the teeth period by giving it McGEHEE'S BABY ELIXIR. It is a healthful, wholesome remedy, well adapted to a baby's delicate stomach. It contains no opium, or morphine or injurious drugs of any kind. Babies thrive under its excellent stomach and bowels correcting influence. Price 25c and 50c per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

**BEGIN WITH WAR SONG;
END WITH "ROCK OF AGES"****Veterans in Chicago Realize March is
Last For Many.**

Chicago, May 30.—Civil war veterans, 2,000 strong, sang "John Brown's Body," "Marching through Georgia," and other warlike songs as they led the memorial day parade today up to the point of review. The crowds first cheered and then joined in the songs.

The parade included men and boys but the route of march was very short—hardly two miles in all—and the bands slowed down the step. The old fellows kept at it bravely to the end.

As though acknowledging the nearing of the end of the march, and martial fire and softened into "Rock of Ages," and singing this hymn, the last of the veterans passed the reviewing stand while 5,000 persons closely grouped about the stand stood uncovered and silent.

Thus their last march ended.

**Revival Services at Missionary Baptist
Church.**

The revival services at the Missionary Baptist church, which are being conducted by Evangelist E. L. Howerton, are increasing in interest.

Rev. Howerton is a native of Kentucky and after a three years' course at Bethel College, was for some time connected with the Baptist State Missionary Work in the mountains as evangelist. From there he was called to the pastorate of the Lorain street Baptist church at

**EVANGELIST E. L. HOWERTON**

Ironton, Ohio, and while pastor there conducted one of the most successful revivals at his church ever held in that city, in which nearly one hundred were added to the church. Eighty percent of them being past twenty years old, and a large number of them being railroad men and business men of the city.

Rev. Howerton, for the past eight months, has been in the Southern Baptist Theological Seminary at Louisville, and at the urgent request of the State Board has accepted position as State Evangelist and will begin with them at the close of his meeting here.

The pastor and church here, learning that twelve days' service could be had from him, secured his services some time ago, and a most cordial invitation is extended to all to attend these services. It is the desire of the church and evangelist that not only the Baptist church, but the entire city, will be helped by this meeting.

The following subjects will be preached from:

Friday night, 7:45, "The Worth of a Soul."
Saturday night, 7:45, "The Penitent Sinner."
Sunday, 11 a. m., "Christ the Banner."

Sunday, 7:45 p. m., "What Does the Garden and the Cross Mean to You."

You will find a cordial welcome at all the services.

Big Fire at Providence.

Fire started in the Thompson building at Providence Wednesday night and consumed almost the entire building. Bart Johnson Ice Cream Parlor and the Ruckman Grocery Co. were in this building and their loss was heavy. Damage to the building is estimated at \$7,000. The fire was extinguished by the bucket brigade at 12:30 Thursday morning.

**SLEPT BY THE CORPSE THROUGH FREIGHTS
WILL USE LOOP****Farmer Fell From Wagon and
Neck Broken****Companion, Thinking he Was Drunk
Pulled Body Over Fence, and
Spent Night.**

Robert Harris, a farmer, 50 years old, while riding from here to his farm six miles from Madisonville, while in an intoxicated condition, fell off his vehicle Saturday and broke his neck, dying almost instantly. John Bumpus, 20 years old, who was riding on horseback following Harris, thought the man was in a drunken stupor, and pulled the body over a fence and slept beside it all night.

Bumpus got up at daybreak Sunday and still did not suspect that the man beside him was dead. Bumpus went to the house of Lum Howard near by, requesting that Harris be taken care of. On returning to the supposed slumberer an examination showed that the body was rigid.

Harris leaves a wife and children and an aged mother. The body was buried yesterday, following the verdict of a coroner's jury that death was due to a broken neck.

FINLEY MAY OPPOSE YOUNG**For Representative of Hopkins County—
Geo. King Will Not Be Candidate.**

It is rumored on the streets of Madisonville that Thos. R. Finley will oppose E. L. Young for representative of Hopkins County. George King the well known druggist of this city is also mentioned by several prominent politicians for the place but Mr. King emphatically refused to accept the nomination and incidentally says he wants no politics in his life. Mr. Finley will more than likely be a candidate for the place and if he is, there will be a scrap on hand that will stir old Hopkins from center to circumference.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain can not stay where it is used.

Will Give Moonlight.

The W. O. W's. will give a moonlight and bran dance at the Lakeside Park Saturday night. This will be given for the benefit of the lodge. Good order and good maintained a cordial welcome is extended to all who wish to attend.

**Saturday Night—New Time
Card Goes Into Effect at
12:01 Midnight.****NO CHANGE IN PASSENGER TRAINS**

Through freight trains will begin using the loop at midnight, Saturday night, June 3, the new time card taking effect at that time. There will be several changes made at Earlington, Madisonville and Atkinson. The Atkinson office will be abolished and the name of the new station, where the loop leaves the main line, will be called Arkdon, a contraction of General Manager Stark and Supt. Logsdon names. The block offices at the Flemming curve and Broadway street crossing will be discontinued and the building at Flemming curve moved. The office at Broadway street will be left for the use of crossing flagman. One day and night switch engine will be pulled off in the Earlington yards and one day and one night yard clerk, in lieu of the two switch engines pulled off, two switching crews, in charge of conductors, will be put on to do the work between Mortons and Arkdon. All coal coming from the Morganfield branch and Reinecke will be handled in the Atkinson yards and all southbound chalking crews, hauling through freight, will set out in the Atkinson yard to be picked up by through freight. Likewise all northbound chalking trains will set out through staff at Mortons. The various changes will not take a man out of Earlington, but will relieve the yard of handling through stuff. All passenger trains will continue to use the main line through Earlington and Madisonville and no change is made in the time of passenger trains on the new card.

EIGHT SCHOOLHOUSES**Will Be Torn Down, Have Been Standing
Over 25 Years.**

Eight of the oldest schoolhouses in the county are to be torn down and replaced by new ones.

Contracts for the new school houses, amounting to \$3,677.40 have been let by the building committee of the county board of education composed of Paul M. Moore, Superintendent Fox and J. L. O'Bryan.

Contracts for the erection of new buildings let go G. J. Wikie are: Sutherland, \$395; Pleasant Ridge, \$397.50; Circle City, \$397.50 (colored); Goodacre, \$395.

Contracts with J. G. Foley; Pond River (new district), \$384; addition to Columbia, \$150; Copper Springs, \$394; Liberty, \$379.90; Stanley, \$389.75; Friday \$394.75.

Work on the erection of these buildings will begin immediately and will be ready for occupancy by the time the teachers are ready to open their schools.

**SECOND TRAIN ON NEW
ROAD IS WRECKED****Engineer and Fireman on the Colum-
bian Killed.**

Spokane, Wash., May 30.—Derailed at a sharp curve 26 miles east of Lind, Wash., the "Columbian," eastbound passenger train on the Chicago, Milwaukee & Puget Sound railroad, was wrecked early today, the engineer and fireman instantly killed and one passenger seriously injured.

The injured was taken to Lind. The "Columbian" is the second through passenger train to leave Seattle over the Milwaukee line since the completion of the road. The train was new and expensively equipped.

BOOTLEGGING IS CHARGED**Pool Room Owner is Arrested at Madi-

W. L. Pates and two of the clerks in his pool room and soft drink stand were arrested Tuesday for selling beer under guise of a soft drink. Trial was set for Wednesday.

Deficit Gone.

Washington, May 26.—For the first time in the history of the service, it is said, the deficit in the Post-Office Department has been entirely wiped out and \$7,000,000 surplus for the current fiscal year ending June 30 next is in the Treasury to the department's credit. Postmaster Hitchcock has signed a warrant returning to the Secretary of the Treasury \$3,000,000, the last amount set apart from the public funds to assist in defraying the expenses of the postal service for the present fiscal year.

Reforms in the financial system, it is stated, have made the refund possible.

Society Happenings

The Misses Coyle entertained a number of friends Wednesday night in honor of their guest Miss Lucile Green, of Greenville. The evening was enjoyable spent by all and delightful refreshments were served. Those present were Misses Pansy Rule, Elizabeth and Margaret Kemp, Ruth Daniels, Lucile Green, Irene and Bessie Coyle; Messrs. Miller and Ben Evans, Baker Engate, Grover Long, Elsworth Evans and Ed Majors, of Hopkinsville.

Denny Teague to Practice Law.

Denny Teague, of St. Charles, who is well and favorably known here, will apply for membership to the bar at the June session of the Christian county circuit court. Where he will locate he has not definitely determined, but it is believed that he will practice in this county.

He is twenty-seven years of age and has taught school for many years, having the reputation of being one of the best pedagogues in the county. He has studied law for three years under Luke A. Teague, of Madisonville and has studied diligently for the past several years preparatory to being enrolled into the membership of the bar.

WORKMAN PICNIC**Was Great Success and Well Attended
and Fine Dinner Served.**

The picnic given by the Ancient order of united workmen at the Lakeside Park Tuesday was a great success and was well attended. A bountiful supply of good was furnished free to all and a social time enjoyed.

Grand master workman Marsh of Louisville, Grand Recorder J. G. Walker, of Louisville, and Editor Lyon, of the Kentucky Workman, published at Henderson, were present and added greatly to the enjoyment of the occasion by timely and instructive remarks. This order is strong in Earlington, and some of the best citizens of the town are included in its membership.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment. 50 cents at any drug store.

**CLOSING EXERCISES
OF GRADED SCHOOLS****At Temple Theatre Tuesday
Night Was a Decided Success****PROF. SMITH, DELIV-
ERS STIRRING ADDRESS**

The closing exercises of the Earlington Graded School at Temple Theatre, Tuesday night, May 30, was a great success. The music rendered by the Earlington Orchestra was of a high class and was greatly appreciated by the audience. The young men certainly deserve a vote of thanks from the community.

Miss Elgin with Miss Lackey as accompanist sustained her reputation as a great violinist. The selections were high class and were rendered with the skill of an artist. The audience greatly appreciated the work of Misses Elgin and Lackey, and showed their appreciation by the continued and enthusiastic applause.

The choruses given by the girls High School Orator Club, were of high class and were well rendered. The address of Dr. H. D. Smith, of Hopkinsville, was an eloquent and scholarly effort. Every person present whether young or old felt the elevating influence of the enthusiastic and stirring words of the speaker. Dr. Smith is always a welcome visitor to Earlington.

Fifteen young men and women received certificates of promotion to High School, from Supt. Dudley who took the place of Mr. Moore, he being out of town. The work of the Earlington Graded School during the past year has been very successful and meets the hearty appreciation of the parents of the city. Prof. Dudley ably assisted by a splendid corps of Teachers has made a great success of this school.

Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala. "if it had not been Dr. King's New Discovery. She was down in her bed, not able to get up, without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infallible for coughs and colds, its most reliable remedy on earth for desperate lung trouble, hemorrhages, la-grippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. SUPREME COURT DECARES TOBACCO TRUST

Unlawful Combination in Violation of Sherman Anti-Trust Law.

Washington, May 30.—The supreme court of the United States held the American Tobacco Company and its allied corporations to be operating in violation of the Sherman anti-trust law.

The court directed that the combination be forbidden the privilege of inter-state commerce, or be placed in the hands of a receiver unless it disintegrates in harmony with the law within six, or at the most, eight months.

Both the first and second sections of the Sherman anti-trust law have been violated by the so-called tobacco trust, according to the court. Not only has it restrained wrongfully and unlawfully interstate commerce in the eyes of the court, but it has attempted to monopolize the tobacco business, to the injury of the public and its competitors.

While the decree was regarded as unusually severe, at the same time there was a touch of leniency in not making the combination an outlaw "now." The various elements of the combination are to be given an opportunity, under the supervision of the United States circuit court for the Southern district of New York, of recreation, so that there may be brought about "a new condition which shall be honestly in harmony with and not repugnant to the law."

The opinion of the court was announced by Chief Justice White, who also delivered the opinion of the court in the Standard Oil case. The entire court agreed that the tobacco combination violated the Sherman anti-trust law, but Associate Justice Brand dissented from the repeated interpretation of the Sherman anti-trust law so as to call for the application of the "rule of reason" in determining what restraints of trade were forbidden by the act. In this respect the division of the court was the same as in Standard Oil case.

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madson, West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at all druggists.

Atlanta Brood Coop

MADE OF HEAVY
GALVANIZED IRON

We Claim for this Coop Many Advantages
Over Any Other on the Market

FIRST: They are collapsable, and can be put away in the fall in a few minutes in a very small space and reassembled when needed in two minutes each.

SECOND: The sanitary features of these coops cannot be excelled, as the ventilation is perfect and the bottom can be removed in one minute without any trouble, quickly cleaned and replaced, without removing any other section of the coop, as there are no bolts, screws, hinges or fastenings to bother with. Lice or vermin will not harbor in galvanized iron, there being no crevices in which to secrete themselves and multiply nor for disease germs to find a lodging place. These coops are absolutely proof against Rats, Weasles, Minks, Skunks and other chicken eating animals. Government statistics show that rats destroy more chickens every year than every other agency.

THIRD: It is made of heavy Galvanized Iron and is as rigid as a wooden coop, but does not hold dampness, it is also absolutely weather proof, even in the most driving rain. It is as cheap as any wooden coop and has many advantages not found in them. The different doors can be set in an instant and will remain when placed until changed.

FOURTH: Made in two sizes with 8 and 9 inch revolving doors.

What Constitutes a Crank.

The chief end of man is to be well fed and comfortable. Happiness is to live free from pain; a sound mind in a sound body; and then to feed the hunger of our desires. The poorest of us may be the richest in the limitless beauty of the world and in the imaginings of our dreams. Man's imagination will never die. The creation of his imagination are more real than any reality. Behold Desert, how bare and spare it is; yet no place is so populous with the creations of the imagination. The Arabian Nights is a fruit of the Desert; Homer and Theocritus the blossoms of a narrow and meagre land. Simplicity is the hand-maiden to Happiness and Happiness is not the child of either exact or vast knowledge, but of a knowledge which, even if it knew all things, would put all things in due relation to each other and to Life. Life is the supreme boon and to live is to live well, broadly and deeply and highly. There is but one life and, alas, how few are as yet permitted to live it. He who would truly live it, to its depths and its heights, sound mind in sound body, has always been and is today measured by the money-grubbing multitude and existence-grasping multitude as a crank. Men of distinction seen by the commonplace are always cranks. A knowledge of truth is well for the human race, for by truth we know Life, and its relation to the universe. What is best for the whole race is best for each member of the race, but that knowledge which is useful to promote healthful and happy living is better than that which is not so useful.—Charles Erskine Scott Wood, in June Pacific Monthly.

There is no horse linctum more effective than for animal flesh than BALLARDS SNOW LINIMENT, nor is there any healing remedy for the human body, that is milder or more efficacious in its action. SHE SUFFERED FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Eric, Pa. — "I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It is worth its weight in gold." — Mrs. J. P. ENDLICH, R. F. D. No. 7, Erie, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

WHERE THREE STATES CORNER

United States Geological Survey Issues Topographic Map of Portions of Virginia, Tennessee and North Carolina.

One of the most lofty mountain regions of the Appalachian system, recently surveyed by the United States Geological Survey, is depicted in detail in a topographic map which the Survey has just published—the map of the "Abingdon quadrangle." This map is on the scale of approximately 2 miles to the inch and shows an area of a little over 1,000 square miles, embracing portions of southwestern Virginia, northeastern Tennessee, and northwestern North Carolina, in the three States covering in the southern part of the quadrangle.

The topographic maps of the Geological Survey portray all the works of man the country, and the Abingdon map indicates a region of great diversity. Part of the area is seen to be somewhat thickly dotted with villages, settlements, and individual farm houses; other portions are shown as vast stretches of high mountain ranges with many lofty ridges, peaks, and knobs, devoid of habitations. The larger portion of the quadrangle was surveyed by Topographer Duncan Hannegan, but other topographers who worked on the map are J. D. Forster, R. W. Berry, C. C. Gardner, R. A. Kiger, and H. W. Peabody. Hundreds of miles of area were tramped over by these surveyors and scores of camps were established, thousands of sights made, and hundreds of miles of level lines run. Thirty-nine indestructible iron bench marks were established, showing the elevations above sea level to nearest foot.

The line between Virginia and Tennessee, as shown on the map, was the subject of much controversy for many years. Recently, however, it was resurveyed, and it can now be easily followed by the monuments which have been placed at prominent places and by the cutting of the timber along the line, between Virginia and North Carolina, according to Mr. Hannegan, is of ancient date and is very difficult to follow; many of the inhabitants living close to the boundary are in doubt whether they should pay their taxes in one State or the other, as there are no monuments, and marked trees are very scarce.

Often The Kidneys Are

Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick, "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Arsenic Mine in the Appalachians.

The only mine in the eastern United States which has, so far as known, mined arsenic ore and produced white arsenic from it is located on the south slope of Lick Ridge, one of the minor elevations of the Appalachian Mountains, at Brinton, Va., and is described by Frank L. Hess, of the United States Geological Survey, in an advance chapter on "Rare Metals," from Bulletin 470 "Contributions to Economic Geology, 1910, part 1."

The arsenic deposits were found by C. R. Brinton in 1901, and work on the mine and on the erection of a plant for making white arsenic was begun in March, 1902. The brick necessary for the building of the plant—more than 1,250,000—were made and burned and the lumber required was cut and sawed on the place. The mine is equipped with a steam hoist, steam pump, electric lights, and air drills. The making of white arsenic began in January, 1903. In 1910 a company was organized to manufacture Paris green and other insecticides for which the arsenic produced at the Brinton mine was to be used, and a plant was established at Norfolk, Va., but was not yet in operation at the time of Mr. Hess's visit.

"The mine," says Mr. Hess, "is reached from Christiansburg by a very good mountain road, on which the only steep grades are within a mile of the mine, which is about 2,400 feet above sea level. Scenically the country is beautiful, and owing to its altitude it is cooler in the summer, resorts are located within a few miles of the mine."

"The country is well wooded and fields left uncultivated are soon overgrown with trees. Wood for fuel and mine timber is therefore plentiful and comparatively cheap. Owing to the roughness of the country the tillable fields are small and difficult to cultivate. The soil is poor and good crops can be raised only with the help of fertilizers. As a result of these handicaps, and the comparative isolation of the country, many of the people are poor and labor is abundant and low priced."

A copy of the report may be obtained on application to the Director of the Geological Survey at Washington.

A Few Facts About Liver Trouble.

A dull, sluggish liver always brings a dull, sluggish feeling to the entire body. When the liver works properly the blood courses through the body in a bright red stream. When the liver is inactive the blood becomes dull and muddy, and it is full of poisonous matter. A great many people try to get fine, clear, pink and complexion by rubbing things on their faces. They might rub a life time and the same yellow complexion would remain—for the liver causes it. Only bright, red blood brings fine complexions. Blood loaded with impurities from the liver sends the impurities out through the pores of the skin a brownish yellow.

To get rid of the dull, heavy feeling and muddy, yellow complexion get the liver in working order. Two 50c bottles of BLOODLINE will do it nine times out of ten. If you are troubled with Constipation and Straining use BLOODLINE LIVER PILLS with the BLOODLINE.

Ballard's Snow Liniment

Is a Healing Remedy for All Ailments of the Flesh of Man and Beast.

The speed with which this splendid liniment heals up a bad wound or sore has surprised and pleased those who were accustomed to the slower and uncertain effect of less powerful remedies. It mends the lacerated flesh so quickly that there is but little time lost from work. In relieving rheumatic pains, neuralgia, sciatica, it has done and is doing a wonderful work. Many chronic victims of these diseases have found to their great satisfaction that it cures an attack in a fraction of the time required by the ordinary treatment.

It is equally effective in the flesh ailments of animals. Owners of blooded stock value it highly for two reasons: It heals sores and wounds quickly, and leaves no disfiguring scars.

This remedy is needed in every home. If its great power and efficacy was generally known, no family would be without it.
